PREFACE TO WATCHING VIDEO RECORDING

Hopefully the following facts will help you link this local political story to the White House.

When I was a first grader the Thomas boys (John and Tommy) were possibly in high school.

Of all things, both boys had extremely thin hair and big ears. In fact, John was almost totally bald except for a very thin covering.

My bus driver, please leave unnamed, he is elderly! REFUSED TO ALLOW THEM ON THE BUS AND INTO THE LEETONIA SCHOOL DISTRICT! HE REMARKED TO ME, "THEY WERE TO UGLY!"

Needless to say, I took it personally! Having Cerebral Palsy, myself, I am not a pretty sight either! As a result, I cried all the way to school AND VOWED TO THE LORD THAT AT ANY TIME, THE LORD COULD USE ME TO DEFEND THE BOYS!

I think both boys attended Lisbon. Their father, Edwin Thomas, owned the Thomas Pottery (in Lisbon).

Now I never met the boys personally but GOD WAS GOING TO USE THAT CHILDHOOD VOW LATER ON!

Now the boys grew up and both worked for the government. Tommy worked directly under Governor Ronald Reagan as an employee under the Secretary Of Interior. Tommy was so well liked that when Governor Reagan became President, he took Tommy with him as a White House employee.

Of all things, Rev. Pat Robertson got a hold of an "inside" White House story. It was either misunderstood or "twisted" by Rev. Pat Robertson.

SOME ONE NEEDED EMPLOYMENT AND TOMMY ASKED THE PRESIDENT, WHAT NEEDED TO BE DONE! THE PRESIDENT LOOKED AROUND AND INSTRUCTED THE FIRST FOUR OFFICES TO BE MEASURED FROM THE OVAL OFFICE. (MAYBE IT WAS A FLOOR PLAN OR SAFETY ISSUE, I DO NOT KNOW!) By the time Rev. Pat Robertson got the story, it became a JEALOUSLY ISSUE! Rev. Pat Robertson boardcasted the story nationally! Needless to say, the Thomas family was CRUSHED FOR NO REASON! AN ELECTION WAS PENDING!

Needless to say, neither boys wanted anything to do with Christianity! THEY WERE HEART BROKEN! Tade, their mother, just wept! "I RAISED MY BOYS TO BE CHRISTIANS AND NOW THEY WANT NOTHING TO DO WITH IT!"

Now to get my counseling license, I could have told this true story, but I did not do that. For the simple reason the State Of Ohio Social Workers And Counselors "TWISTED" EACH AND EVERY TELEPHONE CONVERSATION. IN FACT THE STATE OF OHIO SOCIAL WORKERS AND COUNSELORS PURPOSEFULLY REFUSED TO SEND ME AN APPLICATION DURING GRANDPARENTING! IN OTHER WORDS, NO APPLICATION, NO LICENSE. NO LICENSE MEANT NO EMPLOYMENT OR NO SELF EMPLOYMENT!

Senator Robert Birch tried to help. But he, himself threw a curve ball. He told a "twisted" true story. However, he did not realize that I knew the people and the "true" story four (or more) years prior. Here again the State Of Ohio Social Workers and Counselors had "TWISTED" THE TRUTH! HOW COULD I RISKED TELLING THE WHITE HOUSE STORY AND RISK THE THOMAS BOYS BEING HURT! THEY WERE MORE IMPORTANT THAN A LICENSE!

Years went on. As John Thomas was visiting his mother, Tade, in the nursing home. John simply asked about my life. I told him, about giving up my licence because of a "political football" and the LORD had supplied a home as a source of income. John left the room for no apparent reason. I prayed with Tade and left.

That evening Tade called crying, "John received the LORD!

John told his mother, Tade, "If there was ever as Christian, Debbie is it!" She glowed as an angel! Tade did not know the John had a fatal disease!

Now President Reagan, Former President George Bush and President George Bush Jr. were all affected by Rev. Pat Robertson's broadcasted comment. This is why I believe President George Bush Jr. REFUSES TO NEGATIVE CAMPAIGN! However, President George Bush Jr. was not aware of the negative campaigning being done by his party!

**BOTH PARTIES ARE GUILTY OF NEGATIVE CAMPAIGNING!
HOPEFULLY THIS TRUE CASE WILL STOP IT!**

**AGAIN BECAUSE OF THE STATE OF OHIO SOCIAL WORKERS
AND COUNSELORS ARE ALWAYS TWISTING THE TRUTH, I AM VERY
SHY AND BACKWARD IN SAYING IT.**

**THE HIDDEN AGENDAS OF "SPECIAL INTEREST GROUPS"
MUST GO!**

**HOPEFULLY THIS WILL EXPLAIN ALL UNANSWERED
QUESTIONS!**

THANK YOU!

Sincerely Yours,

This following transcript follows the transparencies closely.

1. You must place your V.C.R. on the slowest speed possible.

2. The larger the screen, the clearer the transparencies will be seen. The video was taped with Congress in mind.

3. My "TRUE" speaking volume is still above a whisper. It has been only a year that I am able to speak with any continual relaxed diaphragm breathing control.

what I was going to go through in
1978 and 1980!

I WILLINGLY LAID MY COUNSELING CAREER
DOWN IN THE 1980'S BECAUSE OF NEGATIVE
CAMPAIGNING! MY WHOLE LIFE IS GOING
OUT OF COURT!

THE TRUTH OF THE MATTER, AN
OPPONENT MALIGNED THE TRUTH, CRUSHED
PEOPLE FOR NO REASON AND PLACED
SALVATIONS OF THE LINE! AFTER WAITING
AROUND EIGHTEEN YEARS, THE CRUSHED
FAMILY WAS SAVED!

Oh, ALL GLORY GOES TO GOD AND A

dosages if the drug is being abused. The primary signs of overdose are the psychological symptoms (see "Possible Side Effects"). In some cases, overdose may lead to panic reactions or seizure. No deaths have been reported with either miltuana or dironabiol. Dronabiol therapy may be restarted at lower doses if drugs are ineffective.

Special Information

Dronabiol may impair your ability to drive a car or perform complex tasks. Avoid alcohol and other nervous system depressants while taking dironabiol.

Dronabiol may cause acute psychiatric effects of depression, anxiety, and panic.

Dronabiol capsules must be stored in the original container. If you forget to take a dose of dironabiol, take it as soon as you remember. If it is almost time for your next dose, do not take a double dose.

Special Populations

Pregnancy/Breast-feeding

Dronabiol studies of pregnant animals taking doses up to 400 times the human dose have shown no adverse effects on fetal development. However, dironabiol should not be used by a pregnant woman unless it is absolutely necessary. Dronabiol passes into breast milk and may affect the nursing infant. Nursing mothers who must take this drug should bottle-feed their infants.

Seniors

Seniors are more sensitive to this drug, especially to its psychological effects. Follow your doctor's directions and do not take a double dose.

hypertension (high blood pressure) or any condition where it is desirable to eliminate excess water from the body.

General Information

Dyazide is an agent that increases urination. Dyazide is a combination of 2 diuretics—a thiazide diuretic and a potassium-sparing diuretic—and is a convenient, effective approach for the treatment of diseases where the elimination of excess water is required. One of the ingredients, triamterene, has the ability to hold potassium in the body while producing a diuretic effect. This balances the other ingredient, hydrochlorothiazide, which normally causes a loss of body potassium. Different brand-name and generic products contain differing concentrations of these 2 ingredients. Dyazide should be used only when you need the exact proportion of ingredients contained in this particular product and when you would benefit from the convenience of taking these 2 ingredients in a single pill.

Cautions and Warnings

Do not use Dyazide if you have renal disease, kidney disease, or any other condition that affects the kidneys. Do not take any potassium supplement with Dyazide unless specifically directed to do so by your doctor.

Possible Side Effects

Most common: appetite loss, drowsiness, lethargy, headache, gastrointestinal upset, cramping, and diarrhea.

Now, I need to tell you some things that I have gone through and sadly to say you are going through them too. But you are not aware of it yet. The only way you are aware is when you are in the situation.

My mother, Lovina Hinten, almost died seven times, at least, in the past seven years.

What was happening, is the doctors, many doctors are not using the P.D.R. or the Physicians' Desk Reference. I was not aware of this myself. Except I knew if I did not look up some things, the doctors were not doing it! I needed to

know myself what was going on!

In this case, in one of many cases. Lovina's medicine did not agree. As you can see here. There is a **WARNING** for asthma, bronchitis and nonfunctioning kidneys.

2/21/01 HINTON, Lovina

S: Patient in with her husband and daughter to review her medications. They bring in a whole box full of things. She has two different doses of potassium. She apparently taking the one 4 x times a day and decided that the other one made her deathly ill. Decided also that the Aldactone worsened her shortness of breath. I think it is probably the daughter who is calling all the shots here. She makes some kind of wild accusations about the care that her mother has received here and us giving her medications that are going to harm or kill her. She has a book in with her reviewing the Aldactone. Discussed the fact that I am not interested in seeing her mother any longer as a patient and has 30 days to find a new physician. Given some suggestions and the fact that maybe an internist would work better with all of her medical problems. Advised we would offer emergency care for 30 days. A repeat potassium was 5.9. Her potassium was decreased to b.i.d. from q.i.d.

PLEASE NOTE, THE DOCTOR DID

NOT USE THE PHYSICIANS DESK

REFERENCE!

Several times I asked the doctors to please look it up in the Physicians' Desk Reference!

I use the the Pill Book, which is the same thing. It is the layman's copy.

Now this is what the doctor wrote in the notes. As you can see the doctor never looked up the medicine which I had already did!

Dear Mrs. Hinten:

Recently there has been a problem with you being non-compliant with the Doctor's recommendations concerning the management of your medical care.

Due to these difference of opinions, The Doctor's feel they can not continue to administer medical care to you.

Medical services will be rendered to you for 30 days. This allows you time to become established with a new physician. A record release has been enclosed. Once you have established with a physician, please complete and return the form to our office. Your medical records will be forwarded directly to your new physician.

I will be sending a copy of this letter to Anthem Senior Advantage to notify them that you will be calling to request your Primary Care Physician be changed.

Sincerely,

UA

Then of all things, she dismissed us for **NO REASON!** The only reason is the **doctor did not look up the medication!** She called both my mother and I as "**non-compliant**"! This went to both us and to the insurance company.

Letter of Intent

A REPORT OF POSSIBLE ABUSE/NEGLECT/EXPLOITATION OF AN ADULT
(Ohio Revised Code 5101.62)

The Columbiana County Department of Job and Family Services has received a report that you might be at risk of one or more of the following: self neglect, neglect, financial exploitation or abuse. This means that, for some reason, you may not have been receiving the type of care you may need, or may not be able to protect your interests. Under the law, it is the job of the Columbiana County Department of Job and Family Services to investigate this report and determine whether you are in danger or might suffer physical or financial injury, and to offer services for your help if they are needed and available.

I am in no danger

Lovina Hinton

The doctors were not exactly satisfied (laughing) with that. So they asked a social worker to come in.

This is a letter of intent accusing me of possible medical abuse of my mother.

**AGAIN, ALL I ASKED WAS FOR THE DOCTORS TO PLEASE
LOOK IT UP!**

As you can see , Lovina, my mother, wrote, "I am in no danger ."

According to Salem Community Hospital and East Liverpool City Hospital there is a:

L A W

NO DOCTOR HAS TO CONSULT THE
PHYSICIANS' DESK REFERENCE!

Now, I did not understand what was going on. So I went to both Salem Hospital and East Liverpool. Here I found out; there is a law that **NO DOCTOR HAS TO CONSULT THE
PHYSICIAN'S DESK REFERENCE!**

In other words, the "Special Interest" groups such as: the American Medical Association and the State Of Ohio Social Workers And Counselors are attaching riders to bills which will pass. These laws benefit the association and not the people. Thusly, the association is hiding behind the law!

By the way, the LORD gave me a patent to decode the Physicians' Desk Reference and other medical patents!

THANK YOU FOR YOUR ATTENTION!
